

Survey September 2014 Parent consultation about Celebration Assemblies

All Escrick School parents and carers were invited to complete an online survey in September 2014. The aim of the survey was to seek views on the future of school assemblies for parents. During the summer term, the new classroom build placed restrictions on the numbers of people allowed in our hall. As a result the school offered parents opportunities to attend class assemblies instead of our weekly Celebration Assemblies. The class assemblies were enjoyed and well attended. The survey presented different options for parents to consider. 46 parents responded to the survey.
