

Accessibility Provision:

This Accessibility Provision document is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. It is written in line with our Equality Policy and that of SYMAT.

School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

Escrick Church of England Primary School plans, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.

The Accessibility Provision document contains details on provision to:

- Improve/ensure access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
- Increase/ensure access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve and make reasonable adjustments to/ensure the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore, some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new plan for the following period.

The School's complaints procedure covers the Accessibility Plan.

Information about our Accessibility Plan will be published in the Governors' Annual Report to Parents (statutory).

The Plan will be monitored by the Whole School Governing Body.

The Plan will be monitored by Ofsted as part of their inspection cycle.
