Mrs Wareham – Higher Level Teaching Assistant

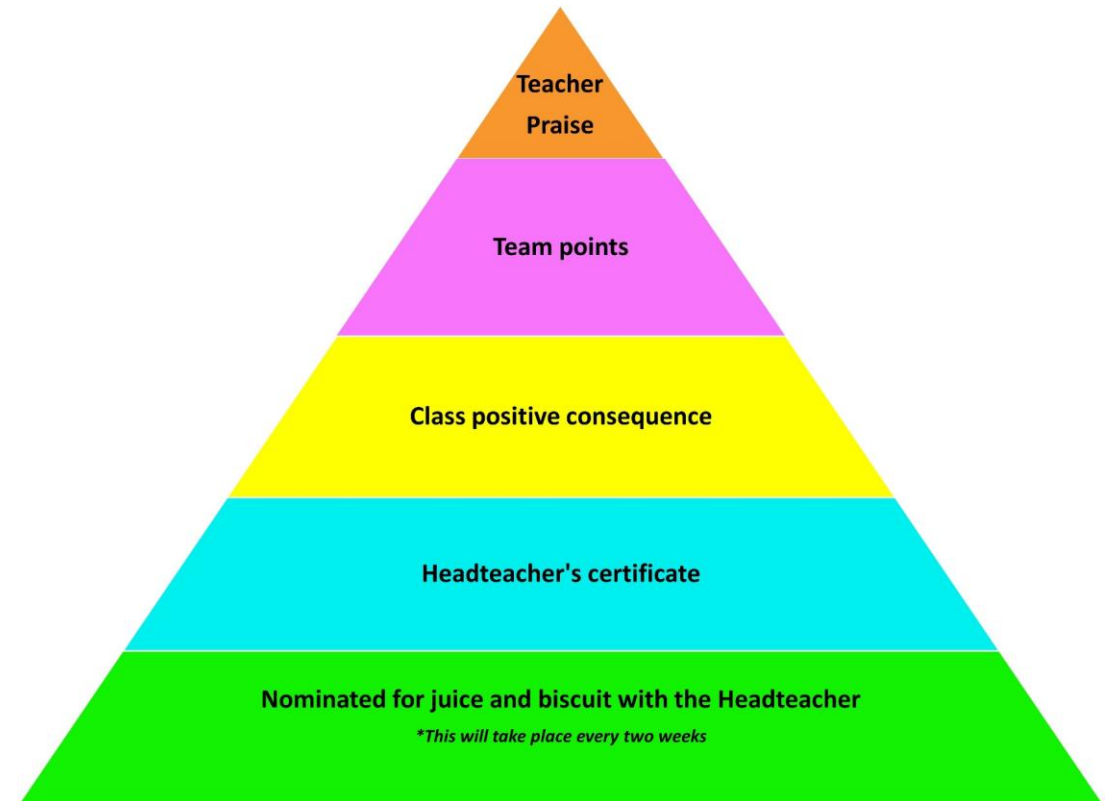

Our School Values

- Friendship
- Learning
- Opportunities
- Unique
- Respect and Resilience
- Independence
- Solving Problems
- Happy

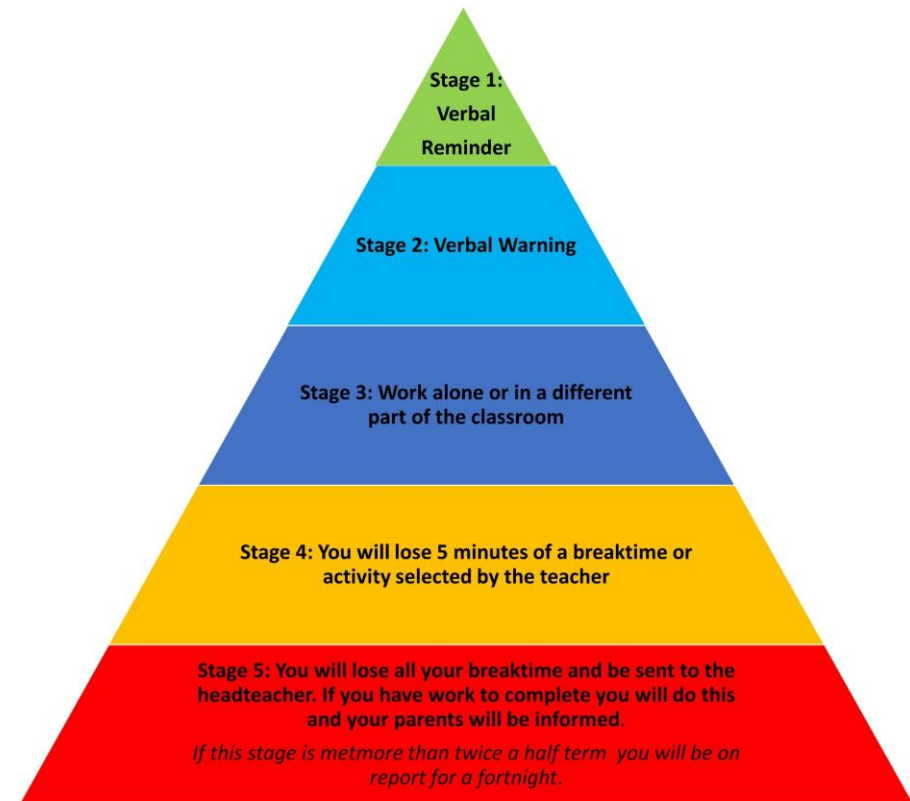

Behaviour and Attendance Expectations

- At our school, we believe that children thrive when school and home work closely together. By sharing the same expectations and supporting one another, we can help every child to feel happy, confident and successful. We place a strong emphasis on positive behaviour, excellent attitudes to learning and showing respect for others, because these qualities help children make the most of every opportunity in school. We love celebrating the many examples of kindness, perseverance, responsibility and care that our pupils demonstrate each day, and we take every opportunity to recognise and reward these positive choices

Behaviour and Attendance Expectations

- Of course, children are still learning and growing, and there will be times when mistakes are made. When this happens, we work with children to help them reflect, learn from their choices and put things right, whilst ensuring that appropriate consequences are applied.
- Regular attendance is equally important, as every day in school matters. Time missed can mean lost learning, missed experiences and fewer opportunities to build friendships and confidence. Together, by maintaining high expectations and supporting one another, we can help every child flourish both academically and personally.

Working in Partnership

- We know that children thrive when home and school work together. By sharing high expectations and supporting one another, we can help every child feel happy, safe and successful. We place great importance on positive behaviour, strong attitudes to learning and regular attendance, celebrating the many kind, respectful and responsible choices our children make every day. When mistakes happen, as they inevitably do while children are learning and growing, we work with them to reflect, learn and make better choices, with appropriate consequences where needed. Together, we can help every child flourish and make the most of every day at school.

Any questions or queries
